

CHRISTMAS GLOW

by: Miranda Dodson

VERSE 1:

Throw, the tinsel and the bow
the chestnut in the snow
Swirling mid-winter
threatens us all
Then the bell rings
calling us home
tidings we bring
With a Christmas
Glow

VERSE 2:

Sing till you can barely breathe
hear the children scream
bundle up their nose
whisper dreams
carry with them hope
their light flickers and beams
tidings they bring
with a Christmas
glow

VERSE 3:

Laugh like this will be your last
Christmas to have
Hold your people close
Love them fast
The cold air blows
and reminds us to slow
to be lighted
by the Christmas
the Christmas....Glow
The Christmas Glow
